Subject: Liaison officer reports

Hi Jason / Justin / Gurj,

We haven't had any discussions on this in a while. I'm not currently aware of any reports generated by the Abbotsford / Prince George / Vancouver police liaison officers. Can you answer the following for me?

- a) Do you currently track the referrals / status checks / queries received (ie. VPD referrals directly to you)?
- b) Do you complete weekly or monthly reports based on referrals received from your respective areas?
- c) If you do create reports do you store them on the G-drive?
- d) Do you use a template?
- e) Do you track referrals by project coding in NCMS?
- f) Do you track the number of training / info sessions?

I would like to ensure that we're staying on top of this. Let me know if you have any questions. We will also set up a meeting in the near future to discuss further.

Thanks,

Hi Drazen:

I had Jen take a look at those numbers, and she identified 39 cases from 2016.

Of those 39 individuals, 21 remain in Canada at this time (54%) and 18 have been removed.

(Of the 18 that have been removed, 9 were the result of a warrant for removal/Previously Deported Person, so it is not surprising they have departed so quickly. Additionally, 3 others were from the USA, where removal typically occur fairly quickly)

Also of note, 2 of the 39 have successfully regulated their status and are now Permanent Residents of Canada.

As for your second request, I have canvassed the management team and I will get back to you on Monday if they come up with anything.

In the meantime, let me know if there is anything further you may require.

Thanks!

Doug

Hi Drazen:

I spoke with the current liaison Enforcement Officer and he confirmed that he is not completing the reports indicated in s. 19. Same for the previous EO, Jason Dutton. We do internal reporting, but nothing that is formally shared with VPD.

Hope this helps clarify things!

This is from S19 on page 4. Have these reports been done?:

19. By the fifth working day of every month the CBSA Enforcement Officer will submit a status report (citing client names, and VPD and PREC file numbers) for the previous month to the Director, PREC and the Deputy Chief Constable Commanding Operations Division, including the following information:
 - i. number of referrals from police officers,
 - ii. number of reports/arrests completed,
 - iii. number of cases referred to the Supervisor, PREC for action,
 - iv. number of training sessions completed for VPD staff,
 - v. record of days worked, leave, training, etc. for each month, and
 - vi. recommendations on the function and duties of the position.
20. All reports generated by the CBSA Enforcement Officer or as a result of the position are considered internal and confidential documents, and access to the same may only to be gained upon approval by both agencies.
21. On a quarterly basis the VPD Deputy Chief Constable Commanding Operations Division and the Director, PREC will meet to review results achieved, the mandate of the liaison position and discuss common issues and concerns.

Hi Yvonne:

As discussed, the VPD is looking at how they make referrals to Inland Enforcement. As part of the process, they identified 71 incidents between 2015-01-22 to 2016-12-29 that prompted contact with the CBSA. They have requested the statistics on the outcome of each. I have attached a document created by Jen that shows the outcome totals of the referrals. If Yvette is in approval, we will send it to the VPD. They are hoping to have it by EOD tomorrow.

The person we are corresponding with is Drazen Manojlovic, Director, Planning, Research & Audit Section.

Please let me know if you have any further questions or if Yvette wants a further debrief into our meeting.

Thanks!
